

Follow Your Letter to Your Sponsored Child

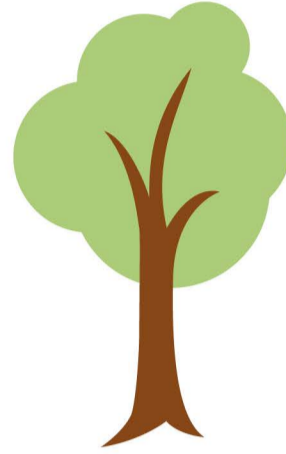

1

You send your letter in the mail.

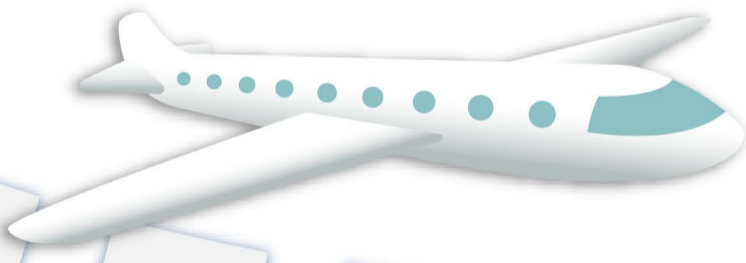

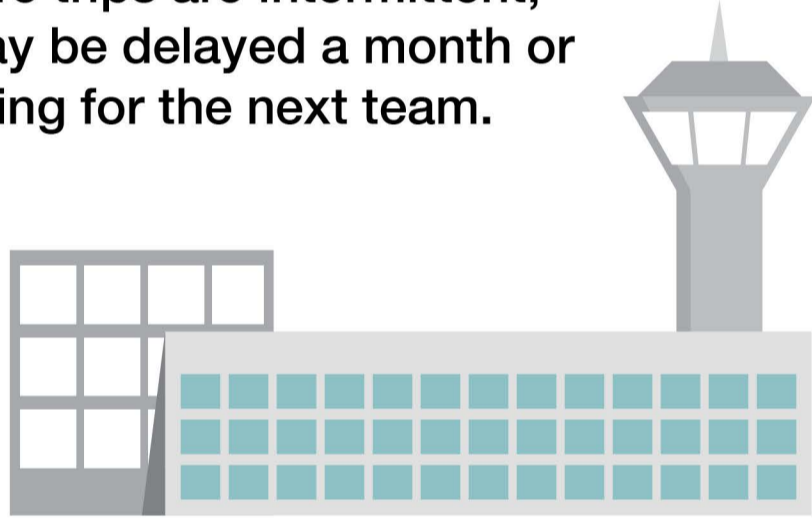

2

Your letter arrives at the COTN USA office where it is processed by the Sponsorship Department and volunteers.

3

Your letter goes to the airport with the next staff member or Venture team traveling to your child's country. Since Venture trips are intermittent, your letter may be delayed a month or more waiting for the next team.

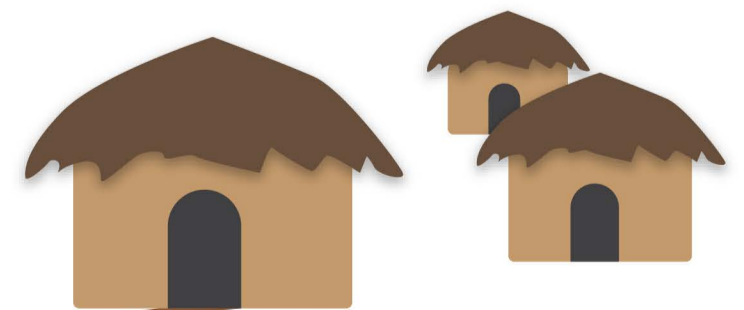

4

After flying around the world, your letter arrives at COTN's in-country office.

5

A COTN staff member delivers your letter to your sponsored child. If your child does not speak English, your letter is translated for them. Your child treasures every letter you send!
